DETAILED ACTION

Status of Claims

Claims 1-32, 61-67, 69 and 70 are currently pending in the application.

Receipt is acknowledged of Applicant's amendment / response filed on October 21, 2004 and that has been entered.

Claims 1, 30, 32, 61, 63, 65, 66, 67, 69, and 70 have been amended. Claims 33-60 and 68 have been canceled. The objection of claims 1-32, 61-67, 69 and 70 has been obviated with Applicant's amendment. The objection has been withdrawn and therefore, all pending claims have been allowed.

Examiner's amendment

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In response to Applicant's request to acknowledge the claim for priority (Remarks, page 15) following Examiner's amendment was introduced.

The application has been amended as follows:

- a. In first paragraph of specification (after title), on page 1, please insert ---This application is a divisional of 10/111,000 filed 08/15/2002, now US 6,620,943 which is a 371 of PCT/EP99/08687 filed 10/22/1999---.

Reasons for allowance

The following is an Examiner's statement of reasons for allowance:

Wakselman *et al* (US 5,283,337, cited in IDS) teach the process for the preparation of perhaloalkylthioethers which comprises a reaction of perhaloalkyl halide with a disulphide in the presence of zinc and sulfur dioxide under specific set of reaction conditions. The instant process differs from the prior art, which comprises a single step reaction between compound of formula (III) and sulfur dioxide to obtain the final product of the compound of formula (II). The prior art process neither teaches nor renders obvious the instantly claimed invention and there is no suggestion or motivation to modify the process of other prior art to obtain the instant process. Therefore the instant claims 1-32, 61-67, 69 and 70 are allowable over the prior art of record.
